

"Empower people with an intellectual disability to live, learn, work and participate in their community."

Learning Academy

Learning Academy offers a weekly core curriculum to members, including:

- educational use of iPads
- reading comprehension activities
- mathematic games and worksheets
- cooking classes
- yoga sessions
- person trainer physical fitness classes
- healthy living education
- social and communication skill building
- research projects
- current events
- bowling and wellness walks.
-

Learning Academy focuses on the practice and improvement of various literacy skills by combining classroom teaching with fun games and movement.

Learning Academy also offers recreational and social activities based on the interests of all new and existing members.

Participants will be active in their community through involvement in local centres, libraries, sports facilities, swimming pools, grocery stores and restaurants.

Additionally, Learning Academy may add or change activities with the season to include day excursions, outdoor activities or other recreational events.

Locations in Vaughan and Richmond Hill.
