

Dear Program Participants and Families/Caregivers,

Re: Pause on Reopen

Community Living York South had hoped to reopen in some capacity by January 2022, however due to the potential spread and rapid increase of the Omicron variant, this has impacted our decision in continuing with the closure for everyone's safety until further notice.

At this time, we do not have a re-opening date for Community Living York South programs to return to in person supports and services. We assure you, we will reach out to you with any information on re-opening dates and what that will look like moving forward.

We would like to thank the program participants and their families/caregivers who took out the time to complete the reopening surveys for the various CLYS programs. We assure you, your feedback will be crucial in helping us create a safe return to in person supports and services when the time comes.

We know and understand how difficult the last 20 months have been for everyone. Effective January 4th, 2022 we have made the difficult decision not to provide our online day program supports and services until further notice. Due to Covid-19 staffing concerns, we have made this difficult decision so that we can prioritize available staffing capacity in our congregate care settings where we have been stretched to our limits. However, our Community Supports team will continue to provide virtual programs and resources and we encourage you to continue accessing our services online.

Visit our website for information on our online workshops:
<https://communitylivingyorksouth.ca/newsAndEvents/events>

Thank you for your understanding, as we must continue to stay the course.

If you have any questions please email info@communitylivingyorksouth.ca.

Sincerely,

Community Living York South
Re-opening Committee

Thank you.
Please stay safe and healthy.
